RED CROSS STARTS PREPARATIONS FOR ANNUAL CAMPAIGN

Set Goal at \$10,000—Boy Scouts to Deliver Posters Today.

Preparations for Mishawaka's Red Cross drive to be held from the 25th to the 28th of this month inclusive, will be formally launched today when placards and other posters will be delivered in the various business houses and factories of the city. It is planned to have a Red Cross poster in every house, factory and business house in the city and a large number have been received by the Red Cross for that purpose. The Boy Scouts will undertake the delivering of these displays. It is believed that most of the industrial houses may be reached today, the residences coming later.

At a meeting of the Red Cross leaders last night in the city hall the personnel of the recruiting staff was gone over and a number of probable workers chosen. The list is not complete however as many changes are expected. As in former years the city will be divided into sections each to be canvassed by a certain number of designated Red Cross workers. The campaign will be divided into two days of canvassing among the business houses and factories. Red Cross Sunday which falls upon the 27th and the last day for canvassing the residence district. Members of the four banks will undertake the business house canvass.

\$10,000 Goal.
An unusually high figure has been set as the goal for the 1921 drive. Due to the business depression that is enveloping at this time, so keenly noticeable to such organizations as the Red Cross who assist the needy, indications are that this winter will see more need for shelter and food than any before. The Red Cross believes that every Mishawaka citizen is willing to give at least a small sum to help some worthy person and are therefore setting the goal at \$10,000 almost double that amount agreed upon last year. The point was brought up during the session that if South Bend which is a little more than four times the size of the city, could raise \$100,000 surely Mishawaka could contribute one tenth of that amount.

There will be a general meeting in the city hall Saturday night at 7:30 o'clock at which all the workers in the drive will gather to discuss the campaign.

The slogan for the drive will be "Everybody a Member."

HOME ECONOMICS DEPT.
Mrs. Fred Woodward of South Bend, spoke on "Preventive Food" before a meeting of the Home Economics department of the Woman's club in the library last evening. There was a good attendance. Mrs. Frank E. Coats, chairman of the department, presided. The speaker's demonstration was most instructive and was much discussed by the audience. Mrs. Clarence Tyler rendered a solo.

LINCOLN
Dorothy Dalton's latest Paramount picture, "The Idol of the North," which is now on view at the Lincoln theater, is a great thrilling photoplay of the Canadian wilds. It is in every respect well worth seeing.

TEMPLE
Anything more exciting than the new picture, "Thunderclap," which opened at the Temple theater last night seems almost impossible to imagine. There is one of the most spectacular race scenes near the end of the super-photo drama that has ever come to the screen, and as for the thrilling incident of the hero carried down the rapids—it makes all similar scenes ever produced look like the Dead Sea. It will be shown for the last times today.

Report Rapid Progress in Repairing Street

Rapid progress toward repairing the damage caused to S. Spring st. by a cave in near Fourth st., is reported by Street Commissioner Charles Deolittle. A deeper excavation is being made to locate a break in the sewer believed to have caused the undermining of the pavement.

An entire section of the pavement about 15 feet in diameter gave way last week without warning leaving a hole about 10 feet deep in the middle of the street. According to the men in charge it is believed that a stream of water, flowing from a break in the sewer, loosened the ground beneath the pavement.

N. Y. C. OBJECTS TO STREET EXTENSION

Claim Continuation of Middleboro Av. Would Cost It \$4,300.

The New York Central Co. filed a remonstrance against the proposed extension of Middleboro av. across their right-of-way, at the weekly session of the Board of Works yesterday in the city hall. The railroad company stated in its remonstrance that the extension of the street across their tracks would cost \$4,300. The hearing was postponed until next week.

The assessment roll as presented by the city engineer for the pavement of Towle av., pavement amounted to \$5,554.05. Announcement that the Sixth st., pavement was complete but that the assessment roll had not been compiled, was made.

Petition for the opening of an alley off of Towle av., by D. L. Davis, 1123 Lincoln way, West, which is blocked by a garage was referred to the city attorney.

The contract for electric lamps used by the city was awarded to the Perkins Bros.

GAYLOR APPEALS FOR RECOUNT OF ELECTION TALLY

Mishawaka Mayor Files Papers in South Bend Court; Lost by 11 Votes.

Appeal from the tabulation of the Mishawaka election board to the circuit court for a recount of Mishawaka's city election in which Mayor Ralph W. Gaylor was defeated by the office by William Dodge by the narrow margin of 11 votes, was made in the circuit court Monday morning by the defeated nominee.

The purpose of the recount is to check the official tabulation of the election returns in the hope of finding a discrepancy in the returns.

There has been talk that a recount would be made in Mishawaka but the mayor declined to disclose his plans. There was, moreover, some rumor that the mayor might follow up the recount, in the event that the recount substantiated the election board's return, of a contest, the republican leaders making veiled charges that enough illegal votes were cast to make court litigation possible.

Democrats in Mishawaka were not concerned over the recount. It was remembered that three years ago when George Raab, incumbent in the county clerk's office, defeated by Wilbur M. Warner by 85 votes, filed proceedings for a recount, the tabulation showed absolutely no error in the original count.

A hearing on the petition for a recount will be heard Saturday morning at 9 o'clock, the last day of the present court term. Lenn J. Care, who is sitting as special judge during the illness of Judge W. A. Funk, will decide the case.

Gaylor Charges Irregularity.

In his petition Mayor Gaylor alleges that "on account of irregularities, illegality, mistake and malconduct of the election officers, election board and canvassers of each and all of the 25 election precincts of said city" legal votes cast for him were not counted for him.

He further avers that he "honestly believes that there was a mistake or fraud committed in the official count" of the ballots.

Mayor Gaylor further filed his written undertaking to pay the costs of the recount when it shall be ordered. The petition was filed for Mayor Gaylor through his attorney, Ralph Jernegan, who is also city attorney of Mishawaka.

The petition for a recount affects only the vote for the office of mayor. No petition for a recount of the votes

cast for city judge, to which John Raab, democrat, was elected by a majority of 22 votes, has been filed, and it is held that one is not likely to be filed.

The petition filed with the circuit court Monday is returnable on Saturday, Nov. 19.

Both William W. Dodge, democratic mayor-elect, and Charles Bingham, chairman of the democratic city committee, expressed themselves as not concerned over Mayor Gaylor's petition, though Chairman Bingham did make reference to the fact that since election the ballots have been in the possession of the republicans in the city hall.

Bingham's Statement.

Chairman Bingham's statement is as follows:

"As chairman of the democratic city committee, I have only this to say: We are not concerned about a recount for several reasons. In the first place, if the count is incorrect and a recount of the votes will change the result, we have no objection, for we certainly do not want to claim a victory that we are not entitled to.

"On the other hand, we have no fear as to the result. The republicans had a majority on every election board, as well as on the board of election commissioners. I personally know practically all of those men, and I have a high regard for their honesty and integrity. I feel they were perfectly fair toward the democrats and I certainly would not think or suggest that they would be unfair toward their own party.

"Since the election the ballots have been in a vault at the city hall—in the possession of the republicans, and while I would not suggest that they have tampered with the ballots, they certainly cannot suggest that any changes have been made since the election by us or anyone interested in the democrats.

"It is very positively our feeling that a recount will not in any way change the result of the election and we are very willing to have the ballots counted again."

Dodge to Protect Rights.

Mayor-elect Dodge's statement is: "While I regret that a petition for recount has been asked for I am not at all worried about the matter. The only reason I regret the filing of Mr. Gaylor's petition is that I had hoped to settle down to work after a rather strenuous campaign. I do not want to claim an election if I am not entitled to it, but I honestly feel that I was elected; I made a hard but fair and honest campaign and feeling that a majority of the voters of Mishawaka voted for me, you may be sure that I will take every step necessary to protect my rights and to protect the
